

# Public Health Nursing

## Master of Science in Nursing (MSN)

This degree map is based on the 2024-25 Academic Catalog and is subject to change. Students should meet with their academic advisor each semester and use Degree Works to monitor their individual progress toward degree completion. The time it takes to earn a degree will vary based on several factors including summer/winter enrollment, dual enrollment and number of courses successfully completed each semester.

## **Degree Requirements**

This course map indicates a Fall semester start. However, the review of applications and acceptance into this program is in a rolling basis. A student can start in any semester and can choose a full-time option as well. An advisor will establish a course map for you if you decide to start in the Spring/Summer semesters or decide to take a full-time option.

Students must complete all 36 credits and all course requirements for the selected major. Meet with your advisor and consult with Degree Works to monitor your progress and for all graduation requirements.

*A minimum GPA of 3.0 in the major and overall are required.*
