

Policy Review Schedule

The **Policy Review Schedule** documents the policy inventory, initial review schedule, actions, and relevant notes for nearly 200 policies. The policy inventory includes BL legacy policies (PRPs), interim academic policies, interim student-facing policies, other interim policies, and the 12 CU policies that have been fully vetted through the newly established CU Senate (as of fall 2024).

The Senate (sub)committees reviewed all policies and assigned a priority and review year to each one as documented in the “Initial-Year Review” column (see p. 2, Table 1). This column represents the policy review schedule as of the end of the fall 2024 semester. Policy review is occurring over a five-year period (2023-24 to 2027-28) to ensure all policies are reviewed through the newly established shared governance structure. In some cases, policies may be withdrawn or superseded. As a result, the policy will be removed at the end of the year in which the recommended action becomes final. The Senate president leads the policy review process. An executive associate in the President’s Office provides administrative support, maintains the policy review schedule, and updates the website to post current versions of approved policies and remove policies no longer in effect.

The following summary provides counts of the actions taken over the past three semesters, with significant work in progress and slated to be completed in spring 2025.

Action	Count to date
Approved CU policy*	12
Approved CU interim policy	13
Superseded policy**	24
Policy withdrawn - no further action	12
Policy slated for the Executive Committee Senate 2/13/25 Agenda***	22

**As of the end of the fall 2024 semester, three CU policies were fully vetted and approved in 2023-24 and nine in 2024-25*

***Superseded policies will remain on the schedule to document the year’s activity and be removed at the end of the year in which the policy becomes effective*

****Additional policies will be added to the 2/13/25 agenda as committees forward recommendations at the beginning of the spring 2025 semester to review new/revised policies and withdraw others from the inventory*
