This is to streamline the process for all of us. Since budgets tend to stay pretty similar, we are providing an option to resubmit your budget with no changes. You can take your budget, get all the required signatures, then you would scan it and send it.
 - iv. There is a different process for if you would like to change it. Everything is available on Involve. There are fillable forms that are unique to what you are requested. This new process will help us avoid the budgeting issues we had last year where we budgeted for more than we could afford.
 - v. We also will keep requiring the detailed budget sheet. We are keeping this because it makes COF's job easier when organizations request more money for certain expenses.
